

SNOW DAY POLICY

When St. Francis of Assisi Catholic School closes for a snow day, all activities involving the school that take place during the school day such as pre-school and panthers after care program are also closed.

However, sports, activities and parish meetings that occur after school hours (3 p.m.) may continue depending on weather conditions later in the day. In this case, the St. Francis of Assisi Athletic Association would have their practices or games in the gym as usual. Also, other organizations would meet as scheduled.

A message will be posted by 3 p.m. through the various means listed below on the day of inclement weather as to the status of events at the parish campus. The Director of Operations & Finance will be responsible for notifying the Athletic Association President and Organization Leaders.

The St. Francis of Assisi Athletic Association will communicate the status of sports through their email system and any other means they deem appropriate.

Other organizations they will be informed by their organization leader. This message may also be communicated via the parish website, parish mobile app and a recorded phone message.

Note: Ministry leaders are responsible for communicating status to your organization.

The Pastor and Director of Operations & Finance are the final decision makers as to whether sports and other activities should be cancelled or not.
