

Safely Reopening PSR @ SFA

We are very excited to be "Reclaiming Sunday for God and Family" through our new Sunday PSR program. We have a plan to provide safe learning within our large building and incorporate Mass following Archdiocesan and County guidelines.

Attendance, Health and Hygiene

- Parents will complete a form (possibly through an app) regarding the health of their child prior to the child entering school.
- Random temperature checks will be conducted.
- No parents or visitors will enter school when children present unless approved by the PSR principal.
- Frequent hand washing and sanitizing will take place.
- Groups will be spaced out and accounted for to reduce density and provide easy contact tracing.
- Protocols are in place for suspected illness & exposure.

Masks, Face Coverings, and Shields

- Students of all ages will wear masks on lanyards, gaiters, or shields to enter and exit school, in hallways, in church, and when social distancing is not possible.
- Staff will wear masks or shields.
- Students in grades 4-8 will wear masks, gaiters, or shields in hallways, bathrooms, and in classroom with certain activities.
- Masks or shields will not be mandated when students are working at a distance but desk shields will be provided.

Daily Routines

- Clear acrylic or Plexiglas shields are being used on classroom tables and other areas for safety and to maintain the ability to work collaboratively and gather socially in safe ways.
- Students will bring a labeled water bottle to school each day.
- Mass attendance will continue to follow the County guidelines and mandates.
- Outdoor learning areas may be utilized as needed.
